Part VI: No Exposure Certification

The registrant *and* the individual(s) responsible for actually preparing the certification must sign this part. A certification will be considered incomplete unless all required signatures are provided.

"I have personally examined and am familiar with the information submitted in this document and all attachments thereto, and I certify that, based on reasonable investigation, including my inquiry of those individuals responsible for obtaining the information, the submitted information is true, accurate and complete to the best of my knowledge and belief. I understand that a false statement made in the submitted information may be punishable as a criminal offense, in accordance with Section 22a-6 of the Connecticut General Statutes, pursuant to Section 53a-157b of the Connecticut General Statutes, and in accordance with any other applicable statute.

I certify that this permit application is on complete and accurate forms as prescribed by the commissioner without alteration of the text.

I also certify under penalty of law that I have read and understand the eligibility requirements for claiming a condition of "no exposure" under NPDES stormwater permitting. I certify under penalty of law that there are no discharges of stormwater contaminated by exposure to industrial activities or materials from the industrial facility or site identified in this document (except as permitted under Section 22a-430 of the Connecticut General Statutes).

I understand that I am obligated to submit a *No Exposure Certification for the Discharge of Stormwater Associated with Industrial Activity* once every five years to the department and, if requested, to the operator of the local Municipal Separate Storm Sewer System (MS4) into which the facility discharges (where applicable). I understand that I must allow the Department, or the MS4 operator where the discharge is into the local MS4, to perform inspections to confirm the condition of no exposure and to make such inspection reports publicly available upon request. I understand that I must obtain coverage under an NPDES permit prior to any point source discharge of stormwater from the facility. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowingly making false statements."
